

## Material - BS EN 1982 CuAl9-C (CC330G)

Standard Specification for Copper and Copper Alloys - Ingot and Casting

**Group - Non-Ferrous Copper Alloy** 

Sub Group - BS EN 1982 Standard Specification for Copper and Copper Alloys - Ingot and Casting Application - Intended for Valve, Pump, General Engineering, Automotive and Other Industries Grade Belongs to the Industry - Ingot and Casting

| Chemical Composition |         |                 | Heat Treatment                |          |
|----------------------|---------|-----------------|-------------------------------|----------|
| Lead                 | Pb %    | 0.300 max.      |                               |          |
| Silicon              | Si %    | 0.200 max.      |                               |          |
| Tin                  | Sn %    | 0.300 max.      | As-Cast                       |          |
| Zinc                 | Zn %    | 0.500 max.      |                               |          |
| Manganese            | Mn %    | 0.500 max.      |                               |          |
| Nickel               | Ni %    | 1.000 max.      |                               |          |
| Iron                 | Fe %    | 1.200 max.      |                               |          |
| Aluminium            | Al %    | 8.000 - 10.500  |                               | -        |
| Cu + Ni              | Cu%+Ni% | 88.000 - 92.000 | Mechanical Properties         |          |
| -                    | -       | -               | Tensile Strength in Mpa       | 500 min. |
| -                    | -       | -               | Yield Strength in Mpa         | 180 min. |
| -                    | -       | -               | Elongation in %               | 20 min.  |
| -                    | -       | -               | Reduction of Area in %        | -        |
| -                    | -       | -               | Hardness in HBW               | 100 min. |
| -                    | -       | -               | Impac <mark>t in Joule</mark> | -        |

| Cross Reference Table |          |         |                              |  |  |
|-----------------------|----------|---------|------------------------------|--|--|
